## Resources for Good

### Arts in Society Grants are open

Arts in Society is a collaborative grant-making program that fosters cross-sector

work through the arts by supporting the integration of arts and culture into multiple disciplines critical to the health and well-being of Coloradans. The program, which is administered by RedLine Contemporary Art Center and funded through a cohort of Colorado foundations, provides grants ranging in size from \$5,000-\$35,000 to individuals and organizations who seek to implement projects that utilize the arts as an integral element in promoting social justice and community welfare. Submission deadline is September 14, 2021. [You can learn more.](#)

## Engage with Us

### **We will hope to see you next year**

We'd hoped that we could see you this month *finally* celebrate the opening of our new offices. But, alas, our pandemic concerns have returned and in an abundance of caution, we'll avoid bringing together a crowd. But we aren't giving up on celebrating with you, and with our partners and neighbors at the Bonfils-Stanton Foundation, we'll find another opportunity to gather.

### **Hispanic, Latino, Chicano, Latinx arts and culture expand influence, inform a deeper understanding of identity.**

Join us this month for a look at two foundational artists, leaders and influencers in the decades-long effort to elevate and enhance Hispanic, Latino, Chicano and Latinx arts across the metro area.
