Adams County Funding Criteria

1. General Operating Support (GOS): An unrestricted grant that helps an organization achieve its mission.

Eligibility for General Operating Support (GOS) requires the organization's primary office be in Adams County, as recorded with the Colorado Secretary of State. Such organization's activities must be conducted within the State of Colorado and must principally benefit the residents of the SCFD.

The maximum amount of GOS funding that one organization can receive is \$40,000.00. The formula for GOS funding takes the organizations TOTAL REVENUE in the Financial Overview (Section 15), subtracts the SCFD funding from DETAIL OF CONTRIBUTORS (Section 14), and uses the new amount of revenue, a pro-rated percentage of funds available for all qualified GOS organizations. GOS funding decisions for the 2022 grant application will be made using financials from the organization's most recently completed fiscal year. *Beginning in 2023, the Cultural Council will score GOS applications based on a rubric. More information to come.*

GOS funds may be utilized for any general operating expenses, not necessarily related to a specific project or program; to supplement any program or project; capital expenditures may be allowed at the council's discretion; no GOS funds may be utilized to purchase real property or buildings or to repair, restore, or alter a building, or preserve a historical site.

For General Operating Support, virtual attendance/activities from most recently completed fiscal year can be included to determine compliance. This is only for application year 2022.

2. Projects: A restricted grant to support a specific event or connected set of activities, with a beginning and an end, explicit objectives and a predetermined cost.

Small Projects do not exceed \$20,000.00 in total expenses. Large Projects exceed \$20,000.01 in total expenses.

Organizations can apply for up to two (2) project requests during one funding cycle, at no more than 50% of each total project budget.

If visual artwork can be created and installed or an already commissioned piece can be acquired during one SCFD funding cycle, organizations can either apply for the funds through a Project or a Discretionary Visual Public Arts grant request.

For Project Grants, virtual programming will not be accepted. For hybrid programming, the project request budget can only reflect the in-person portion of the program.

3. Discretionary; Visual Public Art: A restricted grant to support a specific public art installation, with explicit objectives and a predetermined cost.

Realizing certain projects require substantial commitments, and compelled by a desire to instill a sense of pride throughout the various communities by the creation and installation of public art, the ACCC may allocate up to 20% of monies in each funding cycle for the placement of permanent, visual art.

Visual Public Art Application Requirements:

- Adams County-based SCFD organizations may apply for up to one (1) project of permanent visual art during one funding cycle and must be completed and closed before another Visual Art Project application is submitted.
- No more than 2/3 of the total project budget may be requested.
- All visual arts projects must be completed within 3 years from award.
- Organizations that do not complete the visual arts project within the mandatory 3-year time limit must return 100% of the funds received.
- Using Colorado artists when possible is recommended by the Cultural Council.
- Artwork must finally be installed permanently in a public location in Adams County, including property owned by the county, municipal, public education facility or special district entities (i.e. city hall, courthouse, services building, justice center, recreation complex, library, golf course, park, public arts center, museum). Change of permanent location or decommissioning previously funded projects must be notified to the Adams Cultural Council.
- Documentation, photographs and a final accounting of expended funds for the completed project must be sent to the ACCC within two (2) months following project completion. If the final cost of the project is less than the funds received from ACCC, the organization shall return the balance of unused funds.

Visual Arts Applications must submit the following with their application:

- Prepared project vision and inspiration; itemized budget with proposed funding sources; method of submission, selection criteria and process; timelines, deadlines, and payment schedules; draft wording for installation and recognition signage;
 - Projects exceeding \$25,000 must conduct an open competition Call for Entry
- “Letter of intent” from the public entity where the project may be placed, outlining responsibility for maintenance, repairs, insurance *when applicable*, and future “ownership” of the public art;
- Supportable data estimating annual exposure, engagement and interaction in the proposed location;
- If an artist has been identified, a portfolio and resume should be provided, with a copy of a proposed agreement with identified artist, including timeline, and payment schedule, detailed budget and cost itemization, including design, execution, site development and installation plan.

The ACCC is open to a broad definition of art and encourages imaginative interpretations of various media, accompanied by a suitable plan for display. Works of art may include but are not limited to:

- a. Sculpture: in the round, bas relief, mobile, fountain, kinetic, and electronic, in any material or combination of materials
- b. Painting: all media, including portable and permanently affixed works, such as murals
- c. Graphic Arts: printmaking and drawing
- d. Mosaic
- e. Photography
- f. Crafts: in clay, fiber and textiles, wood, metal, plastics, stained glass, and other materials, both functional and nonfunctional,
